

## Closing Remark

T. Itabe

(Communication Research Laboratory)

(1) How does space lidar work?

Mie-Lidar  $\Rightarrow$  Lite Data

Aerosol and Cloud measurement

$\downarrow$   
Radiation Budget of our earth

H<sub>2</sub>O, DIAL ... airborne

<sup>O<sub>3</sub></sup> Laser Altimeter ... SLA (Shuttle)

(2) What is the next reality following

Lite mission?

Test satellite

operational

NASDA

LETS

$\rightarrow$  ATOMS-B1

NASA

ESA

ALADIN

Russia

ERN seek

ALISA

$\rightarrow$  STRONG Collaboration  
of (CPR + Lidar) mission  
in 21st century

(3) What shall we do next W.S.?

• LETS Science Group. (Sasano)

• Next Int. W.S. 1996?
